ROUTINE ITEMS

5. <u>UPDATE(S)</u>:

CITY ADMINISTRATOR UPDATE ON FM 2551

City Administrator Olson said the FM 2551 construction project was scheduled from 2024-2025 but TxDot received funding early so they are moving forward. NTMWD is relocating an eighty-four inch water line with plans of it going into service in October. Other service lines must be replaced and/or relocated, such as Oncor (mid-July) and Grayson-Collin Electric Cooperative (August). Mr. Olson said the goal is to get the project completed, but the timeline is quite fluid at this point. At some point there will be an open sewer line, hopefully with the proper barricades and safety measures in place. If anyone sees a safety hazard, please report it to the Parker Police Department, who will investigate the situation and take any necessary action. The City of Parker will provide notice to residents of disruption of services as best as we can, including using Everbridge. Residents were advised to opt in to Everbridge. Mr. Olson said the City of Parker will participate in monthly meetings with various entities, i.e., TxDot and others, and provide updates. He did advise everything is subject to change.

ANY COMMITTEE UPDATES, AS NEEDED.

COMPREHENSIVE PLAN (COMP) COMMITTEE

Mayor Pro Tem Slaughter acknowledged Councilmembers Cindy Meyer and Terry Lynch, and resident Bethany Ultieg have been a tremendous help with the COMP Plan project. He said he hopes to have the plan completed by the end of the year, noting he needs the code and maps to complete the plan. When finished with those two pieces, the Committee will complete their work, turn it over to the Planning and Zoning (P&Z) Commission, and finally Council.

CAPITAL IMPROVEMENTS (CIP) COMMITTEE

Councilmember/CIP Co-Chair Lynch said the committee and their plans have been placed on hold awaiting additional engineering work. It was her understanding the engineer has been overloaded and unable to move forward on the project. Mrs. Lynch said she plans on meeting to discuss the matter with Mayor Pettle and City Administrator Olson to determine how to move forward. Councilmember/CIP Co-Chair Reed agreed the committee did obtain invaluable road information but did need additional information from the engineer.

EMERGENCY PREPARDNESS

Councilmember/Emergency Preparedness Committee Chair Abraham said she has had discussions with Fire Chief Sheff and Police Chief Brooks to develop a plan to get residents more involved with designated roles. It may be more of a disaster and recovery plan. Mrs. Abraham encouraged residents to participate by contacting her at <u>dabraham@parlertexas.us</u> to help formulate plans for before, during, and after disasters.

NEWSLETTER COMMITTEE

Councilmember/Newsletter Committee member Meyer said the summer issue of the Parker Connection City Newsletter would be mailed mid-July. Ms. Meyer asked for ideas or suggestions to get residents to read the newsletter as there is valuable information about what is going on in the City. It was suggested to email the newsletter, but few residents are signed up for the service.

Mayor Pettle asked if there were any items to be added to the future agenda.

Hearing no requests, Mayor Pettle encouraged everyone to email her any requests. She noted the next regularly scheduled meeting would be Tuesday, July 19, 2022, as City Council canceled the Tuesday, July 5, 2022, meeting, due to the July 4th Independence Day Holiday.

WORKSHOP

7. DISCUSSION AND GIVE STAFF DIRECTION ON APPLYING FOR COLLIN COUNTY PARKS GRANT.

City Administrator Olson said he just received notice last Tuesday, June 14th, for an opportunity to apply for a Park Grant. The deadline for the grant is July 11, 2022. He said he has not had a chance to discuss the grant with the Parks and Recreation (P&R) Commission members. After discussion, Council felt P&R Commission should be involved and with there only being 2 ½ weeks and the 4th of July holiday there was unfortunately not enough time to apply this year. Council discussed gathering information, involving P&R Commission, and bringing the item back to Council for consideration in March/April of 2023. **EXECUTIVE SESSION** - Pursuant to the provisions of Chapter 551, Texas Government Code, Vernon's Texas Codes Annotated the City Council may hold a closed meeting.

HIBIT

Day / Date: Tuesday, June 21, 2022

Attention: City Council, Mayor, and City Administrator

Subject: Go Forward Planning

Hello everyone,

My name is Linda S. Nelson. I reside at 5802 Corinth Chapel Road in Parker Village. I have lived in Parker since 2009, a total of 13 years.

I have been glad to hear that several suggestions / recommendations made by Parker Citizens over the past several years have been recognized. Specifically

- Viability of existing facility renovation addressing current & future Police Dept requirements
- Permissibility for storage of city records on electronic media
- Confirmation that existing building is not in the flood plain nor impacted by the build line

Before consideration of any additional bonds, I strongly encourage City Council to first complete work on an integrated / comprehensive plan addressing: (1) Water; (2) Drainage; and (3) Roads so that there is full line-of-sight of the financial impacts to the City and individual households.

I am here this evening to hear the updates on FM 2551 and look forward to future periodic updates on similar topics.

I also strongly encourage City Council to build strong, transparent, and sustainable partnerships and agreements that would include periodic updates with all service providers for City of Parker residents. This broader view would extend beyond vendors (e.g., trash) or internal departments (e.g., Water) but also with other entities such as TxDot, NTMWD and Southfork.

I ask that my comments be included in the Council minutes.

Best regards,

nda Kel

Linda Nelson

From:Scott & Therese LivesaySent:Tuesday, July 12, 2022 10:40 AMTo:Patti GreySubject:Consideration on Tax Rate

Exhibit

Patti: please include this in the minutes of tonight's council meeting. I have a previous engagement and won't be able to present this myself. Thank You, Scott.

I am Scott Livesay, and live at 7305 Moss Ridge Rd.

As the City of Parker engages in budget discussions, I would like to present some points to the City Council. First, as you will recall, there was a discussion during the recent council election on engaging the discussion about holding to last year's taxes (not the tax rate). Everyone knows that holding the tax rate is just another tax increase on the citizens of Parker, given the continued upward trend on home appraisals. The candidates that were elected stated their position on looking at holding the taxes flat, versus increasing the taxes by holding the rate. You might ask how the City can do this during these times of 8.5% inflation. The answer is two-fold.

First, for the current year, the tax revenue from existing taxes exceeded the budget requirements by over \$1.2 Million dollars. That included the over \$200,000 dollars in increased taxes generated by holding the tax rate. The \$1.2 Million dollars over budget was "put in the bank", which meant the city raised taxes to hold the money, not for budget requirements. We can recall that the council vote was split (with one council member absent) on holding the tax rate vs holding the taxes. The Mayor broke the tie by voting to increase the taxes. The \$1.2 Million dollars represents between 20% and 25% of the budget, which is far greater than a consideration for unknowns might be.

Second, if you consider inflation, it would be prudent to assume the budget will increase by the same 8.5%. Even given the place holder of 8.5% is approximately 1/3rd of the tax revenue excess of \$1.2 Million dollars, there would still significant dollars to be put In the bank to cover unknowns. If we look at past years, the city has been putting excess monies in the bank each year. Also, there will also be additional revenue this year from new houses that equates to over \$200,000 dollars, which will offset some of the inflationary budget increases.

These inflationary times take their toll on all the citizens of Parker. This is the time for the City Council to consider offsetting the impact on the citizens and hold the property taxes to the same as last year (via the No New Revenue tax rate – NNR), adding the additional new housing taxes. There will still be excess dollars over budget via the NNR. The citizens are asking for this and would appreciate the council doing so.

Thank you for your time and consideration.

Remodel Fire Station sleeping quarters and training room, replace carpet and other cosmetic improvements.

WHY IS GOAL IMPORTANT?

The Fire Station was originally built in 2009, with the intent to add sleeping quarters at a later time. At the time, the department was 100% volunteer. Presently, the department runs a crew of (3) part-time paid firefighters and is staffed 24/7. The (2) administrative offices have been converted into bedrooms; one for the officer and the second shared by the other (2) firefighters. With the addition of female firefighters to the roster it is imperative to provide individual sleeping quarters for all staff members.

Stairmaster Stepmill

WHY IS GOAL IMPORTANT?

NFPA and TCFP standards require Fire Departments to establish formal health and wellness programs for its members, including the opportunity for physical exercise while on shift. The Fire Station has an exercise room for this purpose with various free weights and machines for the firefighters. The department's present Stairmaster, purchased over 10 years ago, is no longer operative. The exercise provided by the Stairmaster mirrors the activity of firefighters as they operate in two-story residential homes as well as in multi-story buildings.

Full-Time Police Investigator

WHY IS GOAL IMPORTANT?

This request is to have a full-time investigator position in the Police Department. The current situation does not allow for full-time follow-up cases. The current officer is also a patrol officer and is working a patrol officer schedule. It is time to make this position full-time. We have investigations that require significant follow-up and only having limited time to address these cases is not providing sufficient services to the community. This position also needs to have time to network with other investigative agencies so that when they need to they can be called upon to assist PPD. Recent examples have been missing persons, on-line computer crimes against children, and complex fraud. Additionally, patrol staffing is reduced when the investigator has to be off patrol working cases. The requested funds are for a replacement police officer and the necessary equipment for the officer. Once trained, this position would replace the investigator in patrol.

CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON RESOLUTION NO. 2022-704 SUSPENDING THE AUGUST 1, 2022 EFFECTIVE DATE OF ONCOR ELECTRIC DELIVERY COMPANY'S REQUESTED RATE CHANGE TO PERMIT THE CITY TIME TO STUDY THE REQUEST AND TO ESTABLISH REASONABLE RATES.

SUMMARY

Oncor Electric Delivery Company ("Oncor" or "the Company") filed an application on or about May 13, 2022 with cities retaining original jurisdiction seeking to increase systemwide transmission and distribution rates by about \$251 million or approximately 4.5% over present revenues. The Company asks the City to approve an 11.2% increase in residential rates and a 1.6% increase in street lighting rates. If approved, a residential customer using 1,300 kWh per month would see a bill increase of about \$6.02 per month.

The proposed resolution for consideration suspends the August 1, 2022 effective date of the Company's rate increase for the maximum period permitted by law to allow the City, working in conjunction with the Steering Committee of Cities Served by Oncor, to evaluate the filing, determine whether the filing complies with law, and if lawful, to determine what further strategy, including settlement, to pursue.

The law provides that a rate request made by an electric utility cannot become effective until at least 35 days following the filing of the application to change rates. The law permits the City to suspend the rate change for 90 days after the date the rate change would otherwise be effective. If the City fails to take some action regarding the filing before the effective date, Oncor's rate request is deemed administratively approved.

The City of Parker is a member of a 169-city coalition known as the Steering Committee of Cities Served by Oncor ("Steering Committee"). The Steering Committee has been in existence since the late 1980s. It took on a formal structure in the early 1990s when cities served by the former TXU gave up their statutory right to rate case expense reimbursement in exchange for higher franchise fee payments. Empowered by city resolutions and funded by *per capita* assessments, the Steering Committee has been the primary public interest advocate before the Public Utility Commission, the Courts, and the Legislature on electric utility regulation matters for the last 30 years.

Although Oncor has increased rates many times over the past few years, this is the first comprehensive base rate case for the Company since March 2017.

Explanation of "Be It Resolved" Paragraphs:

Section 1. The City is authorized to suspend the rate change for 90 days after the date that the rate change would otherwise be effective for any legitimate purpose. Time to study and investigate the application is always a legitimate purpose. Please note that the resolution refers to the suspension period as "the maximum period allowed by law" rather than ending by a specific date. This is because the Company controls the effective date and can extend the deadline for final city action to increase the time that the City retains jurisdiction if necessary to reach settlement on the case. If the suspension period is not otherwise extended by the Company, the City must take final action on Oncor's request to raise rates by August 1, 2022.

Section 2. This provision authorizes the Steering Committee, consistent with the City's resolution approving membership in the Steering Committee, to act on behalf of the City at the local level in settlement discussions, in preparation of a rate ordinance, on appeal of the rate ordinance to the PUC, and on appeal to the Courts. Negotiating clout and efficiency are enhanced by the City cooperating with the Steering Committee in a common review and common purpose. Additionally, rate case expenses are minimized when the Steering Committee hires one set of attorneys and experts who work under the guidance and control of the Executive Committee of the Steering Committee.

Section 3. The Company will reimburse the Steering Committee for its reasonable rate case expenses. Legal counsel and consultants approved by the Executive Committee of the Steering Committee will submit monthly invoices that will be forwarded to Oncor for reimbursement. No individual city incurs liability for payment of rate case expenses by adopting a suspension resolution.

Section 4. This section merely recites that the resolution was passed at a meeting that was open to the public and that the consideration of the Resolution was properly noticed.

Section 5. This section provides that both Oncor and Steering Committee counsel will be notified of the City's action by sending a copy of the approved and signed resolution to certain designated individuals.

POSSIBLE ACTION

Approve the Resolution to suspend Oncor's rate change; or Reject the proposed Resolution allowing the rate change to take effect for the City.

RESOLUTION NO. 2022 - 705 (ILA with Collin County for FM 2551 Water Utility Relocations)

INTERLOCAL AGREEMENT BETWEEN COLLIN COUNTY AND THE CITY OF PARKER CONCERNING THE DESIGN OF CITY OWNED WATER UTILITY RELOCATIONS FOR THE FM 2551 ROADWAY WIDENING PROJECT NEW 2007 BOND PROJECT # RI070074

WHEREAS, the County of Collin, Texas ("<u>County</u>") and the City of Parker, Texas ("<u>City</u>") desire to enter into this agreement ("<u>Agreement</u>") concerning the design of the relocation of City owned water utility relocations along FM 2551 ("<u>Project</u>") in Parker, Collin County, Texas; and

WHEREAS, the Interlocal Cooperation Act (Texas Government Code Chapter 791) authorizes any local government to contract with one or more local governments to perform governmental functions and services under the terms of the Act; and

WHEREAS, the City and County have determined that the improvements may be constructed most economically by implementing this Agreement; and

WHEREAS, the City of Parker has remaining 2007 Bond funds from project code RI070074, Parker Rd Utility relocation project, that the City would like to reallocate for use on this Project; and

WHEREAS, the County has entered into an Advanced Funding Agreement (AFA) with The Texas Department of Transportation (TxDOT) to fund the construction of the water line relocations within the City of Parker, which will utilize the TxDOT Contractor for the FM 2551 from FM 2514 to FM 2170 Roadway widening project; and

WHEREAS, the AFA stipulates that the County will be charged for any costs that exceed the estimated construction costs as specified in the AFA and it is the County's intent to recoup any potential charges from the City of Parker;

NOW, THEREFORE, this Agreement is made and entered into by the County and the City upon and for the mutual consideration stated herein.

WITNESSETH:

ARTICLE I.

The City shall arrange to design the Project. The Project shall consist of the design for the relocation of the City Water Lines between Curtis Lane and Regal Way. All improvements shall be designed to meet or exceed the City's roadway design standards and criteria and shall be constructed in accordance with the plans and specifications approved by the City.

ARTICLE II.

The City shall prepare plans and specifications for the improvements and provide those plans to TxDOT for incorporation in the FM 2551 from FM 2514 to FM 2170 roadway widening

project. In all such activities, the City shall comply with all statutory requirements applicable to a municipal public work and Texas Department if Transportation project. The City shall provide the County with a copy of the executed design contract(s) for the Project. Changes to the Project, other than what was submitted for the initial project ranking, or which alter the initial funding set forth in Article IV, must be reviewed and approved by Collin County.

ARTICLE III.

The City estimates the total actual cost of the Project to be one hundred and eighteen thousand five hundred and seventy dollars (\$118,570) ("Estimated Project Cost"). The County agrees to participate in the Project by allocating fifty-nine thousand two hundred and eighty-five dollars (\$59,285) (the "County Participation Amount") to the performance of the Project. The County shall remit the County Participation Amount to the City within thirty (30) days after the City issues a Notice to Proceed to the design engineer and the City submits a written request for payment to the County. The County Commissioners Court may revise this payment schedule based on the progress of the Project. If the payment schedule is revised and that revision results in the City facing the potential of incurring an unfunded debt in violation of the Texas Constitution the City, in its sole discretion, shall be free from any obligation or commitment to continue working on or complete the Project until the next installment of the County Participation Amount is paid to City.

If the actual cost to design the Project (collectively the "<u>Actual Project Cost</u>") is less than the Estimated Project Cost, and the County has participated up to fifty percent (50%) of the total Estimated Project Cost for the 2007 Bond funding, then the City shall reimburse to the County an amount equal to the difference between the Estimated Project Cost and the Actual Project Cost such that the County has only contributed fifty percent (50%) of the Actual Project Cost. The City shall remit any such reimbursement to the County following City's final acceptance of the Project and along with an itemized final accounting of expenditures for the Project. As used herein, the terms "Estimated Project Cost" and "Actual Project Cost" may include land acquisition, engineering, construction, inspection, testing, street lighting, and construction administration costs including contingencies.

The County has entered into an Advanced Funding Agreement (AFA) with the Texas Department of Transportation. At the time the agreement was entered, the City's engineer estimated the construction costs at \$1,009,600. If costs to construct the improvements go over the estimated costs, as stipulated in the AFA, and TxDOT bills the County, the County will use the remainder of the City of Parker's bond funds (\$58,506) to cover the overage and any balance will be the responsibility of the City. The City will remit the balance to the County within thirty (30) days after the County submits a written request for payment to the County.

ARTICLE IV.

The County's participation in the Project shall not exceed fifty-nine thousand two hundred and eighty-five dollars (\$59,285).

ARTICLE V.

The City shall also provide **monthly progress reports throughout the Project.** Following completion of the Project, the City shall provide an **itemized final accounting of expenditures** for the Project.

ARTICLE VI.

The City and County agree that the party paying for the performance of governmental functions or services shall make those payments only from current revenues legally available to the paying party.

ARTICLE VII.

INDEMNIFICATION. TO THE EXTENT ALLOWED BY LAW, EACH PARTY AGREES TO RELEASE, DEFEND, INDEMNIFY, AND HOLD HARMLESS THE OTHER (AND ITS OFFICERS, AGENTS, AND EMPLOYEES) FROM AND AGAINST ALL CLAIMS OR CAUSES OF ACTION FOR INJURIES (INCLUDING DEATH), PROPERTY DAMAGES (INCLUDING LOSS OF USE), AND ANY OTHER LOSSES, DEMANDS, SUITS, JUDGMENTS AND COSTS, INCLUDING REASONABLE ATTORNEYS' FEES AND EXPENSES, IN ANY WAY ARISING OUT OF, RELATED TO, OR RESULTING FROM ITS PERFORMANCE UNDER THIS AGREEMENT, OR CAUSED BY ITS NEGLIGENT ACTS OR OMISSIONS (OR THOSE OF ITS RESPECTIVE OFFICERS, AGENTS, EMPLOYEES, OR ANY OTHER THIRD PARTIES FOR WHOM IT IS LEGALLY RESPONSIBLE) IN CONNECTION WITH PERFORMING THIS AGREEMENT.

ARTICLE VIII.

<u>VENUE.</u> The laws of the State of Texas shall govern the interpretation, validity, performance, and enforcement of this Agreement. The parties agree that this Agreement is performable in Collin County, Texas and that exclusive venue shall lie in Collin County, Texas.

ARTICLE X.

<u>ENTIRE AGREEMENT</u>. This Agreement embodies the entire agreement between the parties and may only be modified in a writing executed by both parties.

ARTICLE XI.

<u>SUCCESSORS AND ASSIGNS</u>. This Agreement shall be binding upon the parties hereto, their successors, heirs, personal representatives, and assigns. Neither party will assign or transfer an interest in this Agreement without the written consent of the other party.

By entering into this Agreement, the parties do not create any obligations, express or implied, other that those set forth herein, and this Agreement shall not create any rights in parties not signatories hereto.

ARTICLE XIII.

RESOLUTION 2022 - 706 (Capital Asset Policy)

City of Parker, Texas Capital Asset Policy and Procedures Effective July 19, 2022

1.1 Policy Goal

The goal of a capital asset inventory system and this policy is to provide control and accountability over capital assets.

These policies and procedures are the minimum requirements for capital assets that departments must meet. A department may maintain its capital asset inventory system in greater detail, or use additional supporting documentation, as long as it meets the required minimum standards.

1.2 Authority

The City of Parker requires all departments to use this policy to protect and report on assets held by the City.

1.3 Responsibility

The responsibility for the custody, use, control, and care of City property lies with each City department. The department director should ensure that the department maintains adequate internal control procedures. These internal control procedures must comply with City ordinances, policies, rules, and requirements. It is each City employee's responsibility to use property only for City purposes and to exercise reasonable care for its safekeeping.

Additions, disposals, and transfer of capital assets will be recorded in accordance with GAAP (Generally Accepted Accounting Principles). The Finance Department will tag capital assets on a regular basis, with the assistance of the department in possession of the capital assets.

2.0 Capital Assets Defined

Capital assets are real or personal property that have a value equal to or greater than the capitalization threshold for the particular classification of the asset, as hereinafter defined, and have an estimated life of longer than one year.

Assets which are purchased, constructed, or donated that meet or exceed established capitalization thresholds will be recorded by the City.

Capital assets include: land, land improvements, buildings, building improvements, machinery and equipment, computer equipment, vehicles and heavy equipment, infrastructure, and construction in progress.

Fixed asset components having a unit cost under the City's threshold amount should be capitalized if they are originally purchased as part of a system and the system has a value equal to or exceeding the capitalization threshold. To track on a group basis, items must have the same characteristics, purchase/in-line service date, class code, and be visually identifiable as logically belonging to the group.

3.0 Capitalization Thresholds

With the exception of assets acquired with grant funds, which will be capitalized based on grant agreement and guidelines, and the acquisition of vehicles, the capitalization threshold is established for each capital asset category as follows:

Asset Category	<u>Minimum</u>
Land	\$1
Land Improvements	\$12,500
Building	\$25,000
Building Improvements	\$25,000
Computer Equipment	\$2,500
Machinery and Equipment	\$2,500
Infrastructure	\$25,000

Donated capital assets will be recorded at their estimated fair market value at the time of acquisition plus ancillary charges.

4.1 Capital Asset Categories

4.2 Land

Land is to be capitalized but not depreciated. It is recorded at historical cost and remains at that cost until disposal. The following ancillary costs should be included as part of the cost of land: commissions; professional fees; grading; removal, relocation, or reconstruction of property of others; and other costs incurred in acquiring the land. All land will be capitalized regardless of cost.

4.3 Land Improvements

Land improvements consist of re-conditioning, other than buildings, that prepare land for its intended use. Examples include: retaining walls, parking lots, sidewalks, outdoor lighting, fencing/gates, landscaping, sprinkler systems, fountains, sport fields, or bleachers.

4.4 Buildings

Buildings should be recorded at either their acquisition cost or construction cost. Ancillary costs for buildings include: professional fees, damage payments, costs of fixtures permanently attached to a building or structure, interest, related costs incurred during construction, and any other cost necessary to place a building or structure into its intended location and condition for use.

4.5 **Building Improvements**

Building improvements that extend the useful life of the building by more than 25% should be capitalized. Examples of building improvements

include: major roofing projects that tear the original roof down to the joints or peak a flat roof, major energy conservation projects, or additions to buildings.

4.6 Machinery and Equipment

Machinery and equipment are tangible assets to be used for operations, the benefits of which extend beyond one year from date of acquisition and rendered into service. Examples of this category are: office equipment, audiovisual equipment, machinery, furniture and fixtures, and lawn equipment. Ancillary costs include freight and storage costs, installation costs, and professional fees.

4.7 Computer Equipment

Computers and software which meet or exceed the capitalization threshold will be capitalized. Ancillary costs for computer equipment will follow the same basic guidelines as the machinery and equipment category.

4.8 Vehicles and Heavy Equipment

Motored vehicles and heavy equipment will be capitalized regardless of cost or value. Any additional equipment required in placing the vehicle in operation and that adds value to the vehicle will be capitalized. Examples of these additions are: lettering, sirens, light bars, and tool boxes.

4.9 Infrastructure

Infrastructure assets are long-lived assets that normally are stationary in nature and can be preserved for a significantly greater number of years than most capital assets. Examples of infrastructure assets include: streets, roads, bridges, sidewalks, street signs, street and traffic lighting, and storm water, and sewer drainage systems.

4.10 Construction in Progress

Construction in progress is the economic construction activity status of buildings and other structures, infrastructures, additions, and reconstruction which are substantially incomplete. Construction in progress assets should be capitalized to their appropriate capital asset categories upon completion or when the asset is placed into service.

5.0 **Repairs and Maintenance**

The following will determine if maintenance or repair should be capitalized or expensed. With respect to asset improvements, costs over \$5,000 should be capitalized if:

1. The estimated life of the asset is extended by more than 25%;

- 2. The cost results in an increase in the capacity of the asset;
- 3. The efficiency of the asset is increased by more than 10%; or
- 4. Significantly changes the character of the asset.

Maintenance costs allow an asset to continue to be used during its originally established useful life. Maintenance costs are expenses in the period incurred. The following improvements will not significantly increase the estimated life, capacity, or efficiency of the asset and therefore will be considered maintenance and will not be capitalized: tuckpointing, roof repair or replacement (unless it extends the life of the building by more than 25%, such as replacing a flat roof with a pitched roof), window replacement (unless replaced with energy efficient

windows), repainting, re-carpeting, and remodeling (converting) a building to a different use where remodeling does not extend the useful life of the structure itself, etc. For equipment, maintenance contracts will not be capitalized.

6.0 Depreciation

Depreciation is the process of allocating the cost of tangible property over its estimated useful life. Depreciation will be calculated using the straight-line method. In straight-line depreciation, the cost of the asset is pro-rated over the estimated useful life of the asset. The salvage value of all depreciable assets will be zero. For proprietary type funds, the depreciation amounts calculated are reported in the general ledger. For governmental type funds, the depreciation amounts are not reported at the fund level in the account of the governmental funds, only in the Comprehensive Annual Financial Report (C.A.F.R.).

All assets will be reported until disposal. When capital assets are sold, or otherwise disposed of, the historical cost of such assets and any accumulated depreciation are removed from asset accounts. Land is deemed to be inexhaustible; therefore, it will not be depreciated. Construction is progress is not depreciated until the asset is placed into service.

7.0 Tagging of Capital Assets

The purpose of capital asset tagging is to facilitate accounting for the asset, aid in its identification if the asset is stolen, and to discourage theft. All movable capital assets will be physically tagged by using a standardized adhesive tag with the following information:

City of Parker Property, optional bar code, and an assigned control number (capital asset number).

Occasionally, it will be impractical to physically tag items such as vehicles, land, buildings, infrastructure, and improvements other than building assets. Instead, a capital asset number will be assigned.

Control and accountability of vehicles will be based on the VIN number and unit number assigned by the City's Finance Department.

8.0 Capital Asset Recording

Once assets are assigned an identification number, the Finance Department will update the Fixed Asset System by entering each capital asset in the system and including the following information:

Asset Identification Number Asset Description Serial Number (if applicable) Date of Acquisition Acquisition cost Asset Class Type Purchase Order Number (if applicable) Physical Location Asset Life Vendor Name (if applicable) Department Responsible for Asset Fund/Account Purchasing Asset Method of Acquisition Date and Method of Disposition Asset Classification (Government/Proprietary)

9.0 Disposal of Capital Assets Owned

Upon the disposal of an asset, the department responsible for the asset will substantiate this action with a Fixed Asset Transfer/Disposition Form approved by the department director. The form will include the asset tag and should be submitted to the Finance Department within a reasonable amount of time after the asset disposal.

10.0 Leased Equipment

Equipment should be capitalized if the lease agreement is non-cancelable and meets any one of the following criteria:

- 1. The lease transfers ownership of the property by the end of the lease term.
- 2. The lease contains a bargain purchase option And the lease term is equal to 75% or more of the estimated economic life of the leased property.
- 3. The present value of the minimum lease payments at the inception of the lease, excluding executory costs, equals at least 90% of the fair value of the leased property.

11.0 Leased Vehicles

Disposal of leased vehicles will be in accordance with the terms and conditions of the lease. Department directors will review and make sure any equipment owned by the City of Parker will be removed before turning a leased vehicle back over to the leasing company.
